CELL FOR STUDENTS WITH SPECIAL NEEDS

2021-22

Students with special needs face different challenges in the educational adjustment. The Cell for Students with Special Needs caters to the special needs experienced by students with sensory, physical and learning disabilities. The Self-Vision Centre of Ramnarain Ruia Autonomous College is a special centre which takes care of the differential educational needs of students with visual challenges.

There were in all 56 students with special needs who enrolled during the academic year 2021-22

ACTIVITY 1: PROVISION OF READERS AND WRITERS

Some of the important activities of the department includes provision of readers and writers for the students with special needs. Due to the COVID situation students with special needs had difficulties in getting oriented to the new educational pattern. The cell helped the students to adjust to the new educational system which involved helping them to modify their learning pattern to be capable for dealing with the virtual learning system.

ACTIVITY 2: PERSONAL COUNSELING

Personal counselling was offered to help students to adjust to the different emotional and social problems experienced during the COVID situation. This enabled them to adapt to the changing situation.

Parents of the students with different challenges found it difficult to manage the educational and personal problems experienced by the students. Parental counselling was offered to the parents to deal with the problems experienced by the students.
