

Academic Year 2022-23

Guidance for Competitive Exams

As usual, a series of sessions were organized by Ruia Academy for Competitive Exams (RACE) for the guidance of Competitive exams like MPSC and UPSC to students from all disciplines. This series consisted of individual sessions focusing on different steps necessary to effectively prepare for these competitive exams. During initial sessions, students were oriented towards MPSC and UPSC including civil services as well as Indian forest services as gateways of career in the administrative field. Following sessions were directed to guide students to correctly select optional subjects for concerned competitive exams well before, so that they can get sufficient time to prepare for those optional subjects. During the last sessions of the series, students were guided for preparation of these competitive exams with a specific mindset. This series of sessions was attended by 300 students.

Lecture session on "UPSC-MPSC Orientation"

"HOW TO PREPARE FOR UPSC-MPSC"
