**15.Multidisciplinary / interdisciplinary**

Ramnarain Ruia Autonomous College is a multidisciplinary institution with BA, B Sc, B Voc, M Sc and Ph D courses. The Vision/ mission statements clearly indicates the plan of the institutional approach towards multidisciplinary. As a part of introducing CBCS system, following changes have be planned in a phase wise manner :

- Restructuring of academic program
- Revamping curriculum (Outcome-based curriculum focusing on key aspects of NEP)- Emphasis will be on key concepts, ideas, applications and problem-solving. critical thinking and holistic, inquiry-based, discovery-based, discussion-based, and analysis-based learning
- Promotion of Indian Knowledge systems, languages, culture and values
- Introducing Elective courses of Multidisciplinary Nature
- Integrating project based learning and undergraduate research.
- Integrating co-curricular and extra-curricular with curricular aspects
- Integrating Vocational Education with General Education
- Explore 4 years' degree course with research/ entrepreneurship at 4th year

Good practice of the College in this regard is that in this academic year 3 sessions were conducted on CBCS, all departments prepared the CBCS framework for UG and PG classes and will be implemented for FY UG and FY PG from 2022-23 and for other classes in a stepwise manner. All Science departments introduced interdisciplinary

Discipline Specific Elective courses in their CBCS framework for PG.

#### 16. Academic bank of credits (ABC):

College will first identify institutions in HE for credit transfer and will go for Adoption of Academic Bank of Credits (Establishment and Operationalization of ABC) and multiple entry / exit after notification from Parent University in a phased manner.

Two sessions were organised by IQAC to empower the faculty to adopt innovative pedagogical approaches to enable them to perform creatively and also to create an emotion friendly environment, developing progressive emotions in self and students. They were encouraged to design their own curricular and pedagogical approaches. Some of the faculty were sent to other institutes for training in this aspect.

#### 17. Skill development:

There is a significant gap between the scope of academic training and the needs of the industry. The employability of the students passing out is always a concern. Academic programs therefore have started focusing more on developing Entrepreneurship skills. The College needs to focus on development of professional skills and inculcating entrepreneurship attitudes among the students. Areas like ideation, business development, business incubation, Intellectual property etc. have to be given higher priority while designing curricula.

The following were planned in this regard:

- Departments have designed additional skill development modules in other PG curricula as SEC / DSE and have planned the same in SY, TY.
- Various skill development certificate courses have been designed by Departments to fill the gap between Industry and academia.

#### 18. Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

- College has a BA programme with three Indian languages viz. Marathi, Hindi and Sanskrit. College has planned to incorporate relevant Indian classical texts like Bhagavad Gita, Kautilya's Arthashastra, haraka-samhita, Patanjali Yoga Sutras and other seminal texts to impart essential understanding of rich Indian traditions.
- 80 percent of faculty's classroom delivery is in bilingual mode (English and vernacular). All BA courses are taught bilingually and also given a provision to write the examination in the language of the state. Apart from this college also has one Marathi medium division.
- Institution has taken efforts to preserve and promote Indian culture and traditions through the syllabus of various departments and also Indian ancient traditional knowledge in each subject in their curriculum.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

OBE is an educational approach to improve the quality of higher education. It is a student-centric instruction model that focuses on measuring student performances through outcomes. Outcomes are usually expressed in terms of a mixture of knowledge, skills, abilities, attitudes and understanding that a student will attain as a result of his/her successful engagement in a particular set of higher education experience. The OBE model measures the progress of graduates in three parameters, through: Program Outcomes (PO, Program Educational/specific Outcomes (PEO/PSO) and Course Outcomes (CO)

IQAC organised a few sessions on outcome based Curriculum framework in the academic years 2020-21 and 2021-22. As a result all departments spelt out their POs, PSOs and COs, also the mapping of these outcomes. Question paper was framed based on various levels of Bloom's Taxonomy and the outcome was mapped. Remedial sessions were conducted by faculty based on outcomes.

#### **20.Distance education/online education:**

Institution encourages distance education to promote self, personal accomplishment/enlightenment, constructive public engagement, and productive contribution to the society. It must prepare students for more meaningful and satisfying lives and work roles and enable economic independence.

College has made technological tools in teaching by installing IRIS an interactive board for hybrid learning, .....Also faculty uses Pedagogy Tools/ Online tools for assignments like Mind Mapping, Concept mapping, Interactive Modules, Collaborative Learning, Flipped learning, E-books, E-journals, E-theses, Google search engine, Pubmed, You tube, Google scholar, Government websites and Reports in Public domain, Virtual laboratories, Digital Library, Discussion forums, Visual learning tools for effective teaching.

Many certificate courses were conducted in hybrid mode. MA in politics that will be commencing from next academic year also will be conducted online.

<b>CURRICULAR ASPECTS</b>	

**1.1 - Curriculum Design and Development**

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

The College has developed its curriculum keeping in mind the graduate attributes outlined by UGC, the vision, mission and goals of the Institution and the contemporary developmental needs. The PSOs and COs of the College programs emphasise upon the need among students to acquire scientific and entrepreneurial skills for tackling environmental issues and exploring sustainable solutions to regional and national developmental problems. In 2021-22, study of pandemic and post-pandemic changes has been included to pursue entrepreneurial efforts in response to the global issue of COVID19. Departments introduced internal assessment assignments based on various aspects of Corona in tune with the PSOs to increase the awareness levels among the students. Departments have also enskilled their students in instrumentation techniques and programming skills making them employable in the local as well as national industry. The vocational programs offered by the College in Green-House Management, Tourism and Travel Management and Pharma-Analytical Sciences, BA Communication and Media and all Applied Component courses generate employable human resources. Departments have aligned and implemented their POs, PSOs and COs to prepare students for research and national & global industry.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

The College has a well stipulated mentoring mechanism that facilitates teachers-student interaction to identify different levels of learners. Apart from it, the teachers' continuous observations and assessment in the class help them to identify slow learners. The attention span of the students, their participation in the classroom discussion, the presentation of the projects/assignments, their performance during practical/ tutorials and also the internal and external examination act as indicators of their learning abilities and levels. For slow learners, the most important strategy used is remedial classes. Relevant videos and study material provided helps the slow learners to learn at their own pace. Learning strategies like group discussions, flipped classrooms are employed. This initiates peer learning. The advanced learners guide other students thus enhancing their own understanding and explanatory abilities. They are encouraged and given freedom to take up case studies/projects for their assignments and presentations in the class which generates interest in other students and encourages participative learning. The students are encouraged to take up certificate courses offered by the College and on platforms like SWAYAM, Coursera and NPTEL. Blueprints and rubrics of the question papers as per the Bloom's Taxonomy are shared with the students.

### 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

The college employed many innovative, student centric teaching methods. Flipped classroom was widely practised by the majority of the departments. ICT tools like Pear deck, Insert Learning, Prezi, Canva, Google Classroom, Google Form, Google Sites, Audio-Visual resources, POGIL, were widely used. Kahoot or google forms were used to conduct a quiz. Case studies, debates, discussions, videos, films and documentaries were integral parts of teaching. Pre-recorded videos (by in-house faculties) helped the students to revise certain difficult topics. Experiential learning was imparted through virtual laboratories, experiments conducted using simple materials available at home. In order to address the garbage problem in the city, the students were made to learn the technique of composting and for getting rid of chemical pesticide residue problems, they learnt to make and apply biopesticides. Students were given small research-based projects to give them a rich experiential learning experience and also expose them to problem solving analogy, interaction with real world clients. Students opted for Non-conventional Energy Resources and Waste Recycling were given real-life problems, The students were also exposed to a lot of webinars, seminars and workshops based on skill development. Reader's club was established to suggest and read books of collective choice.

### 2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

Google classroom was used as LMS to conduct online lectures through Google meet to upload learning material, quizzes, lab submissions and assignments. Courses were also conducted on MOODLE. Science departments used virtual labs and shared online videos to conduct practicals. Microsoft Excel was also used for calculations, plotting graphs and data analysis. Recorded lectures were uploaded as learning resources. Online tools like mind maps, Canva and Infograph were used for concept explanation. Practical e-modules were prepared professionally, with Indian Magic Eye Educational Solutions Pvt. Ltd.

Articles from newspapers and magazines were used effectively to highlight contemporary issues. The departments used pedagogical worksheets, analysis of situations through videos for effective teaching- learning process. Interactive powerpoint templates using Pear Deck and simulations were used.

Virtual subject and genre wise list and shelves of Open Access resources with links for quick access were created. List of subscribed (N-LIST) & OA (NDLI, DOAJ) e-resources is displayed on the webpage.

In addition to the above, students were encouraged to do certificate courses on platforms like SWAYAM-NPTEL and Coursera.

**2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution**

The Academic Calendar is prepared by the Planning and Evaluation Committee. A draft of the Calendar is prepared with due discussions with the Exam Coordinator. After discussions with the Principal, Vice-Principals, Deans, IQAC Coordinator, the full year's proforma is made ready. This is then shared with the council of Heads of Departments. The Heads as well as the various committees, plan their activities accordingly. The College makes sure that the staff and students are aware of the outline of the year's events by making the Academic Calendar available on the college website.

As per instructions from the university , the college reopened on 14th , June 2021 in a blended mode. Regular offline lectures for TYBSc, TYBA , TYBACM and TYBVoc commenced, as per COVID guidelines, from 15th November, 2021 while the other classes continued in an online mode.

### 2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

The College maintains all the records of the students on a common ERP platform through the Mastersoft College management system. Once a student registers for a program, all the records right from subject allotment, roll number allotment, internal / external examination records, online examination records, results, ID cards, hall tickets, cancellation records are linked to the ERP. The College efficiently uses the ERP system to manage registration into the examination system, preparation of results and declaration of results. which enabled the college to move to an efficient, environment friendly paperless system.

Students are given access to the "Ruia Student Diary" mobile application, where they receive all college notifications and declaration of results.

Online examinations were conducted through Ekalavya Platform. A mock test was conducted for all the students to get acquainted with this system. Teachers too were trained to get accustomed to the new online examination platform. Google Classrooms were used for Formative assessment of the students, submission of assignments and practicals. Practical exams of certain courses were conducted in

virtual labs.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

The course outcomes of the post graduates focuses on equipping the students with a strong understanding of the subject, proper knowledge of data collection, latest techniques, generating a lot of curiosity in order to bring out the researcher in the students. Awareness of Intellectual Property Rights, environmental concerns and sustainable development are integral part of course outcomes. Latest advancement in respective fields to ensure employability are incorporated in the curriculum.

Under graduate course outcomes are planned in order to strengthen the fundamentals, impart clarity of thought, power to analyse and find an appropriate solution, encourage the students to ask questions, generate love for the subject, while the vocational courses focuses on skill development and hands on training that eventually empowers them with skill and knowledge thus increasing their employability.

The respective heads of the departments communicate the COs to the teachers through departmental meetings. In most of the cases, teachers are involved in the process of framing / upgrading of the syllabus.

The teachers communicate the course outcome to the students, before getting started with the courses. The programme and course outcomes are also made available in the college website for the easy reference of the students.

### 2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

To measure the attainment of course outcomes, methods of continuous and comprehensive evaluation used are: class tests, internal examination, assignments and projects, group discussions, seminars, quizzes, debates etc. The mid-semester and end semester examinations help to measure the course outcomes in quantitative and qualitative manner. To achieve programme outcomes, departments have introduced courses which help students develop critical analytical ability, incline towards research, inculcate social awareness, political consciousness, awareness of and sensitivity to environmental issues, gender sensitivity, to form and express opinion in a constructive manner and thus create ethical and responsible citizens. The attainment of these outcomes is measured by computing the attainment score. The attainment ratio for each course is calculated by computing the ratio of total marks of all students to the number of students. Students are also encouraged to participate in intra and intercollegiate co-curricular and extra-curricular activities and competitions. To increase the employability and skill, the departments encourage the students to undergo internship programmes by collaborating with the institutes. The career guidance and placement cell of the college provides students with opportunities. Participation of students in NCC and NSS activities also creates a sense of ethical and responsible citizenship.

## 4.2 - Library as a Learning Resource

### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

The Library collection is fully computerized using SLIM (Software for Library Management). This software is created and maintained by Algorithms Consultants Pvt. Ltd., Pune. The process for computerizing the library collection begun in the year 1996 with SLIM (DOS) and continued with SLIM-21 (Windows). Currently, all bibliographic details of books, journals are available online and accessible through the Online Public Access Catalogue (OPAC). The library functions such as, New books purchase orders, Acquisition, Cataloguing, Web-OPAC, Serials-control, Circulation, Usage Statistics etc. are performed with SLIM. Various reports, barcodes for books and users, thanking letters are generated through the software. The complete Active Collection of the Library (50000+ books) was edited and bar-coded during 2012 to 2014. In 2014-15, the library purchased Mobile Inventory Assistant Devices (IA21) from Algorithms for automated Stock-taking from 2016-17. The IA21 are hand-held mobile devices with an inbuilt barcode scanner and software application that helps in stock taking, shelving order and deciding specific location for each book. From 2018-19, the circulation is fully computerized with User Barcodes generated via the software on students' Library Pockets and staff's Circulation Entry-Books. The latest version of SLIM is 3.8 (2022) is in working and support under AMC.

### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

The College aims at providing high quality, affordable and inclusive education to all sections of society, skills amongst learners and support their career building, create awareness amongst learners about their ethical responsibilities and empathy towards family, society and environment, fostergeneric and life skills that facilitate multi-dimensional growthof studentsto become informed global citizens capable ofadapting andcontributing to societal and global needs.

The governance of the institution is reflective of an effective leadership in tune with its Vision and Mission.

The Principal, the Management and IQAC with the inputs from the Heads of the Departments and Planning and Evaluation Committee prepare a Perspective Plan on the basis of SWOC analysis.

The administrative and operating decisions are taken jointly in consensus with the staff of the College. The Principal, two Vice Principals, two Deans and two Associate Deans, along with IQAC, monitor the mechanism regarding administration and academic process, review the outcomes of implementation of action plans, ensuring proper functioning of the policies and rules of the College. The management takes review of policies. All the departments and non-departmental associations are instructed to align their activities to the Vision Mission of College.

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

The College makes systematic efforts to encourage decision making to all the stakeholders of the institute.

Decentralization in administration and participative management:

- There are 38 need-based committees formed by the College for implementation of various academic, co-curricular and extracurricular activities and these committees comprise faculty members from different departments.
- Departments and Committees independently prepare annual plans consisting of academic and co-curricular activities in the beginning of the year which are communicated to the Principal and IQAC.
- Decentralization has resulted in improved participation of the faculty and greater transparency and accountability thus

leading to improvement in quality.

- Dean, Associate Deans -Academic Affairs and Dean, Research, Consultancy & Development are appointed on seniority basis to assist administration in academic and research related matters respectively. Deans, departmental heads, committee in-charges as well as support staff are involved to prepare, coordinate, supervise and evaluate plans and manage college resources keeping pace with the vision and mission of the College.
- For strategic management of administration, management has appointed a CEO

To facilitate participative management, representatives have been chosen from all the institutional stakeholders to be a part of important bodies like CDC, IQAC, Cell for Gender Sensitization & Equality,, ICC, Antiragging Committee and Library Committee.

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

The institutional Strategic/Perspective plan is designed and effectively deployed to fulfil the Vision and Mission statements of the College. Choice Based Credit System (CBCS) with Outcome Based Holistic Education was one of the practices that was successfully institutionalised. This allows students an easy mode of mobility to various educational institutions worldwide. In this regard Ruia College organised three sessions.

Departments prepared the CBCS framework for UG and PG, got it passed in their respective Subject Boards and Academic Council for implementation from the Academic Year 2022-23. All Science

departments introduced interdisciplinary Discipline Specific Electives in their CBCS framework for PG.

The discussion on case studies gave an idea about project based pedagogy which was successfully implemented by the faculty. The session on inclusion of learners gave an insight to Universal Design of Learning Framework and Guidelines, about different ways of Engagement, Representation and Expression of teaching and assessment. This helped the faculty to empower and motivate students to become resourceful, knowledgeable, strategic and goal directed expert learners.

Induction programs were conducted for FY PG and FY UG students by Ruia Centre for Mindfulness & Wellbeing and IQAC in collaboration with 'Heartful Campus'.

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

The Principal reports to the Parent Body-Management Council and is assisted by two Vice Principals; Academics and Administration and two Deans along with two Associate Deans.

Dean Academics coordinates functioning of the Academic Council and BoS.

College Development Committee (CDC) is a statutory body formed as per Section 85 of the Maharashtra Universities Act, 1994.

The Council of Heads of the Departments consists of all Department Heads, Vice Principals, Registrar, Exam -Coordinator, Convener of IQAC and the teaching members of CDC. It has advisory and executive functions regarding academic calendar, admissions, introduction of new courses, methods of curriculum teaching, examinations, results, assessment.

Statutory Committees like Governing Body, Finance and Non Statutory Administrative Committees comprise faculty members to assist in its functioning.

Co-Curricular and Extra-Curricular Associations carry out innovative activities, in consonance with the goals of the institution, and promote all- round development of students.

With respect to appointments and service rules, College follows rules of University of Mumbai and adheres to the provisions of Maharashtra Universities Act. Policies of Admission, IPR, IT, Research, Examinations, are in place and are available on College website.

This administrative set up has helped in smooth functioning and quick decision making.

**6.4 - Financial Management and Resource Mobilization**

6.4.1 - Institution conducts internal and external financial audits regularly

The SP Mandali appoints internal and statutory auditors for the

College to conduct yearly financial audits. All the receipt vouchers, payment vouchers, ledger accounts, bank accounts with reconciliation, salary payment registers, fix asset registers, get audited by them. They verify statutory obligations, such as payment of TDS, Professional Tax, Provident Fund, etc. Resolution of all audit queries is done during the course of Audit and upon their resolution, the audited financial accounts (i.e. Balance Sheet and Income and Expenditure Account) are prepared at the end of every financial year.

Since, the College is grant-in-aid by the Government of Maharashtra, it receives salary grant from the government every month for aided posts. The Government, through the Accountant General of Maharashtra and the Senior Auditor of the Department of Higher and Technical Education conducts periodical audit where the salary grant income and expenditure against the same is audited. The above auditors also check the fee collection and utilisation of the same for educational purposes. The audits by the government auditors are done on the basis of audited financial statements prepared by the College every year. The audit queries raised during these audits are resolved during the course of the audit itself.

#### 6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

**Mobilization of Funds:**

The primary sources of income for the College are fees collected from students and salary grants received from the State Government. Grants from central and state governments are used for research, infrastructure and academic development (UGC, DBT, DST, RUSA). Expenditure against these income sources is incurred on the purpose for which it is sanctioned -salaries, research, infrastructure development and earmarked revenue expenditure. Income from fees is utilized for day to day activities. The deficit is fully supported by the College Management. Approval of the Management is sought for Annual Budget through CDC and Governing Body.

The management provides funding for repairs, renovation and maintenance. It supports salaries of staff appointed on vacant positions. Financial support is also provided by the institution's alumni, well-wishers and philanthropies.

**Utilization of Funds:** The College has a Purchase Committee which monitors cost effective yet quality procurement of goods and services. The Finance Committee advises effective mobilization and utilization of funds. Effective use of ICT by the College saves cost on manpower, printing & stationery. The money saved is used to augment academic facilities of the College. Installation of solar panels has cut down expenditure on electricity.

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

For solid waste management, a biogas plant has been installed near the campus canteen area to collect canteen waste, and maintained by students of Non-Conventional Sources of Energy and Waste Recycling, a unique applied component offered by the College to Third Year students. Other solid waste like paper, broken glassware is also recycled. For the recycling of paper and broken glassware, the Institute collaborates with Eco spring Corporation. Nirmalya collection during festival seasons, and other biodegradable waste is composted by students of NSS, and prepared compost is sold in the campus. E-waste recycling is also carried out in a timely fashion in collaboration with E-Incarnation Recycling. The Department of Bioanalytical Sciences, Biotechnology, Microbiology, and Animal House Laboratories routinely handle biomedical waste which are disposed of as per guidelines prescribed by the BMC. For plastic waste collection, a bin has been placed prominently in campus for recycling Bisleri's Bottles. Chemicals in the laboratories of the Department of Chemistry are routinely recycled depending on requirement. Hazardous fumes emitted in the Chemistry Laboratories are managed by State-of-the-Art fume hoods. College donated 148 benches to the Sarthee Foundation. College installed a sanitary pad incinerator and PadCare Labs will be processing and recycling pad waste.

### 7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

"Holistic, inclusive and sustainable approach to the growth of students as global citizens"

Aligned with the Vision of the College, "Student Centeredness and Inclusivity" are its most striking and distinctive features.

Students come from diverse backgrounds including a sizable number of visually challenged students who are catered with special aids

Interdisciplinary and holistic education across sciences, social sciences and humanities is the cornerstone of College.

The College plays a pivotal role in promoting all round development of students. Departments have inculcated research culture among students through regular curricula. To bridge academia-industry gap, College has introduced 3-credit certificate courses.

College conducts an Induction Programme for freshly joined UG and PG students and Faculty members to bring the best within the students by improving their mental health and help in better acclimatization to campus.

Natyavalay (Theatre Cell) encourages budding actors to showcase their talents in theatre and to enhance their all round abilities.

Ruia College became a signatory to the UN-SDG Accord. It aims to sensitize students towards sustainability and make them responsible global citizens. Students do projects in composting, waste segregation, energy audits, awareness campaigns in the form of posters and papers as a part of curriculum.
